

PRIVIT Release Notes March 2019

Updated notifications and features

Dual Signature Application – This new feature allows parents to apply both their signature and the signature of the athletes simultaneously. Simply hit the toggle switch and click both Attest boxes.

The screenshot shows a 'SIGN DOCUMENT' form with the following fields: Document Filename (test.pdf), Document Type (TEST FORM), Name (Hera Lutz), Signature (Hera Lutz), and a checked attestation box. Below this is a toggle switch labeled 'Do you wish to sign this document on behalf of Ares Lutz?' which is currently turned on. A red arrow points to this toggle with the word 'toggle' written next to it. Below the toggle are fields for Name (Ares Lutz) and Signature (Ares Lutz), along with another checked attestation box. At the bottom are 'SIGN DOCUMENT' and 'CANCEL' buttons.

Notify Clearance Status Change – In the Sideline App this allows medics to better notify other staff on the team/coaches/parents/students/etc., of the clearance status on any athlete. Trainers/Medics can send out an email, a message, and push notifications to any chosen users letting them know of a clearance status change.

The screenshot shows a 'CLEARED FOR SPORTS' form with 'Cleared to participate:' options: 'With no restrictions' (selected) and 'With restrictions'. A 'Notify Clearance Change' modal is open, showing a list of roles with checkboxes: Athlete (checked), Administrator (unchecked), Coach (checked), Medic (checked), Coordinator (unchecked), Parent/Guardian (checked), and SECURE (dropdown). 'CANCEL' and 'OK' buttons are at the bottom.

Notify Incidents Clearance Status Change – In the case of an injured athlete this allows the trainer to change the clearance status right then and there when reporting the incident in the Sideline App. This also provides the ability to send out a notification to whoever needs to be notified of this event.

The screenshot shows a 'NEW INCIDENT' form with 'Area' (Wrist) and 'Description' (Notify Clearance Change). A modal is open with a list of roles and checkboxes: Athlete (checked), Administrator (unchecked), Coach (checked), Medic (checked), Coordinator (unchecked), Parent/Guardian (checked), and SECURE (dropdown). 'CANCEL' and 'OK' buttons are at the bottom.

Multi-Image Uploading – Parents can now upload more than one image at a time on the website, cutting down on the time it takes to finish the process. It is now even easier to upload all pages of a physical.

The screenshot shows an 'UPLOAD DOCUMENT' form with multiple 'Add Another Document' buttons, each with a 'Choose File' button and a filename (e.g., '2019 physical pt 1.pdf'). There is also a 'Document Type*' dropdown menu set to 'Completed Physical Form' and a 'Comment' text field. 'UPLOAD' and 'CANCEL' buttons are at the bottom. A note at the bottom states '* Denotes Required Field'.
